Change in Bus Status App for Palliser Parents

Due to Apple's new guidelines, individualized bus status apps for each participating school division will no longer be allowed upon conclusion of the 2018-2019 school year. Instead, Bus Status will be a single, "unified" app in the App Store. App users will need to select 'Palliser Regional Schools' from a list the first time they open the new app. From that moment on, the app will work exactly as it did before.
At the end of this school year our website provider, Box Clever, will attach a message to the old app prompting parents to download the new version in order to keep receiving notifications. The new app is already available and updates made to the status of Palliser buses go simultaneously to both versions of the app. Since summer vacation plans and other matters may be firmly in mind once the last school bell rings, parents may want to make the changeover now and avoid the possibility of having to scramble to make the changes upon the first snowfall next winter. See step-by-step instructions below on how to download the new Bus Status app:

1. Search "Bus Status" on the App Store or Google Play, or use the QR codes.
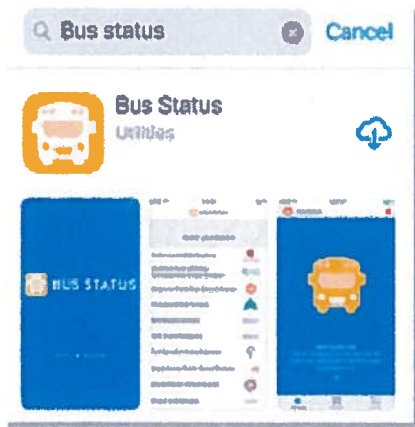

iOS: Android:

2. Download the "Bus Status" app by Box Clever.

3. Open the app and select *Palliser Regional Schools* from the list.

4. Go to *All Buses*. Tap the star to add a bus to *My Buses*.

5. You'll receive a notification when one of your buses is Delayed, Cancelled or Early.

6. Tap the bell icon to see general Notifications.
